Comprehensive guide! Its this type of very good read through. It is actually writter in simple words and phrases rather than difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

It is the first exposition of this level on the Ndebele novel written in English. The book is intended for university level students of African, and Ndebele literature in particular. It is also a useful starting point for a foreigner that wants to study Ndebele literature. The student of literary theory will also find the book handy as it also sets out the parameters of literary criticism. To this date, there has been no published treatise of the Ndebele novel of this kind written in English. The book focuses on three main themes, which are the Zimbabwe liberation struggle, women and the cultural conflict and how these are handled in the Ndebele novel. These themes were chosen on the basis of their currency and relevance in the socio-political discourse of Zimbabwe. 148 pp. Englisch.
