Extensive guideline! Its such a great go through. It is definitely basic but surprises in the 50 % of the pdf. It is extremely difficult to leave it before concluding, once you begin to read the book.

From these inferential arguments in support of the antiquity of the Waldenses, I proceed to notice the direct testimony of History in favour of my hypothesis. section iii. the testimony of history, gathered from the adversaries of the waldenses, or from indifferent early writers. Either the pages of history have not been enriched by any Waldensian authors of a very early date, or if there were any annals written by native chroniclers, previously to the year 1000, they have accidentally perished amidst the devastations committed in the valleys, or they have been purposely destroyed by their enemies. I am inclined to adopt the latter opinion, for these reasons. It is far from improbable, that the monks Belvidere and Rorenco, who made their inquisitorial visits to the valleys, and delivered official reports, touching the antiquity of the Waldensian Church, had more than tradition for their authority, when they agreed in stating that heretics had been found at all periods of history in the valley of Angrogna, and that nothing certain could be said of the Waldenses, furthermore than that they were not a new sect in the ninth and tenth centuries. It is very likely that they had access to documents, which they did not permit the world to hear of any more. The suspicion is confirmed by that which Claude Seissel, Archbishop of Turin, said of them about the year 1500. The Vaudois sect, which originated with one Leon, a devout man in the...
