

Sensors and automatic detection technology (vocational electrical automation technology professional planning materials)

Filesize: 4.34 MB

Reviews

The publication is easy in read through preferable to fully grasp. It is writter in simple phrases instead of hard to understand. You will not sense monotony at at any moment of your respective time (that's what catalogs are for concerning if you request me).

(Kevin Bergstrom Sr.)

SENSORS AND AUTOMATIC DETECTION TECHNOLOGY (VOCATIONAL ELECTRICAL AUTOMATION TECHNOLOGY PROFESSIONAL PLANNING MATERIALS)

To get **Sensors and automatic detection technology (vocational electrical automation technology professional planning materials)** eBook, remember to access the button beneath and download the ebook or have access to other information which are related to **SENSORS AND AUTOMATIC DETECTION TECHNOLOGY (VOCATIONAL ELECTRICAL AUTOMATION TECHNOLOGY PROFESSIONAL PLANNING MATERIALS)** book.

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 188 Publisher: China Power Pub. Date :2009-02-01 version 1. This book is a vocational electrical automation technology professional planning materials. The book is divided into three fifteen projects. Of which: first for the sensor and automatically detect the main contents include basic knowledge of detection. temperature detection sensors and instrumentation. pressure sensors and detection instruments. liquid level detection sensors and instrumentation. flow sensors and detection instruments. modern new detection sensors and instrumentation ; second for the actuator. the actuator main contents include the composition and working principle of pneumatic actuators. electric actuators} third is the application of sensors commonly used in training and production. the main applications include temperature sensors and making real training. training and production pressure sensors. optical sensors and production training. gas. sound and humidity sensor application and production of training. a variety of sensor alarm circuit production. Book as a vocational college electrical automation technology. production process automation technology. mechatronics and sensor technology. automatically detects the professional curriculum materials technology projects. but also as related industries. manufacturing process control engineering training materials. also available to students and relevant professional engineering and technical officers. Contents: Preface first sensor and detection technology automatically detects the items a basic knowledge of Section III sensor detection circuit II the basics of industrial control system. the basic concepts of Section V automatic detection instrumentation technology trends sixth Section VII-based detection of error analysis and detection technology to analyze problems and think about the project two Problem temperature detection sensor and temperature measurement instrumentation Section II the basic concepts of classification and selection of temperature sensors temperature sensor Typical Applications section III four temperature sensors and instrumentation training think...
